Our team is our greatest asset. Every single person is a valuable piece of the chain.

That chain is in a circle that goes round and round, with no beginning and no end. Every person matters and is equally important to the overall functions done in the company. No one person is insignificant or small in the process. Everyone needs each other.

We're driven by

INNOVATION

**TECHNICAL
EXCELLENCE**

**CONTINUOUS
IMPROVEMENT**

Our purpose

Provide the best solution to our customers building long lasting relationships.

Meet and exceed customer expectations by creating and producing exceptional products with on-time deliveries and competitive prices while making every effort to reduce our environmental impact.

In the end, it's just better to have a company that will not only deliver the finished product but one that you'll enjoy working with as well.

about us

how we started

It all started in 1979 as a small shirts manufacturing company with fewer than two dozen workers.

who we are

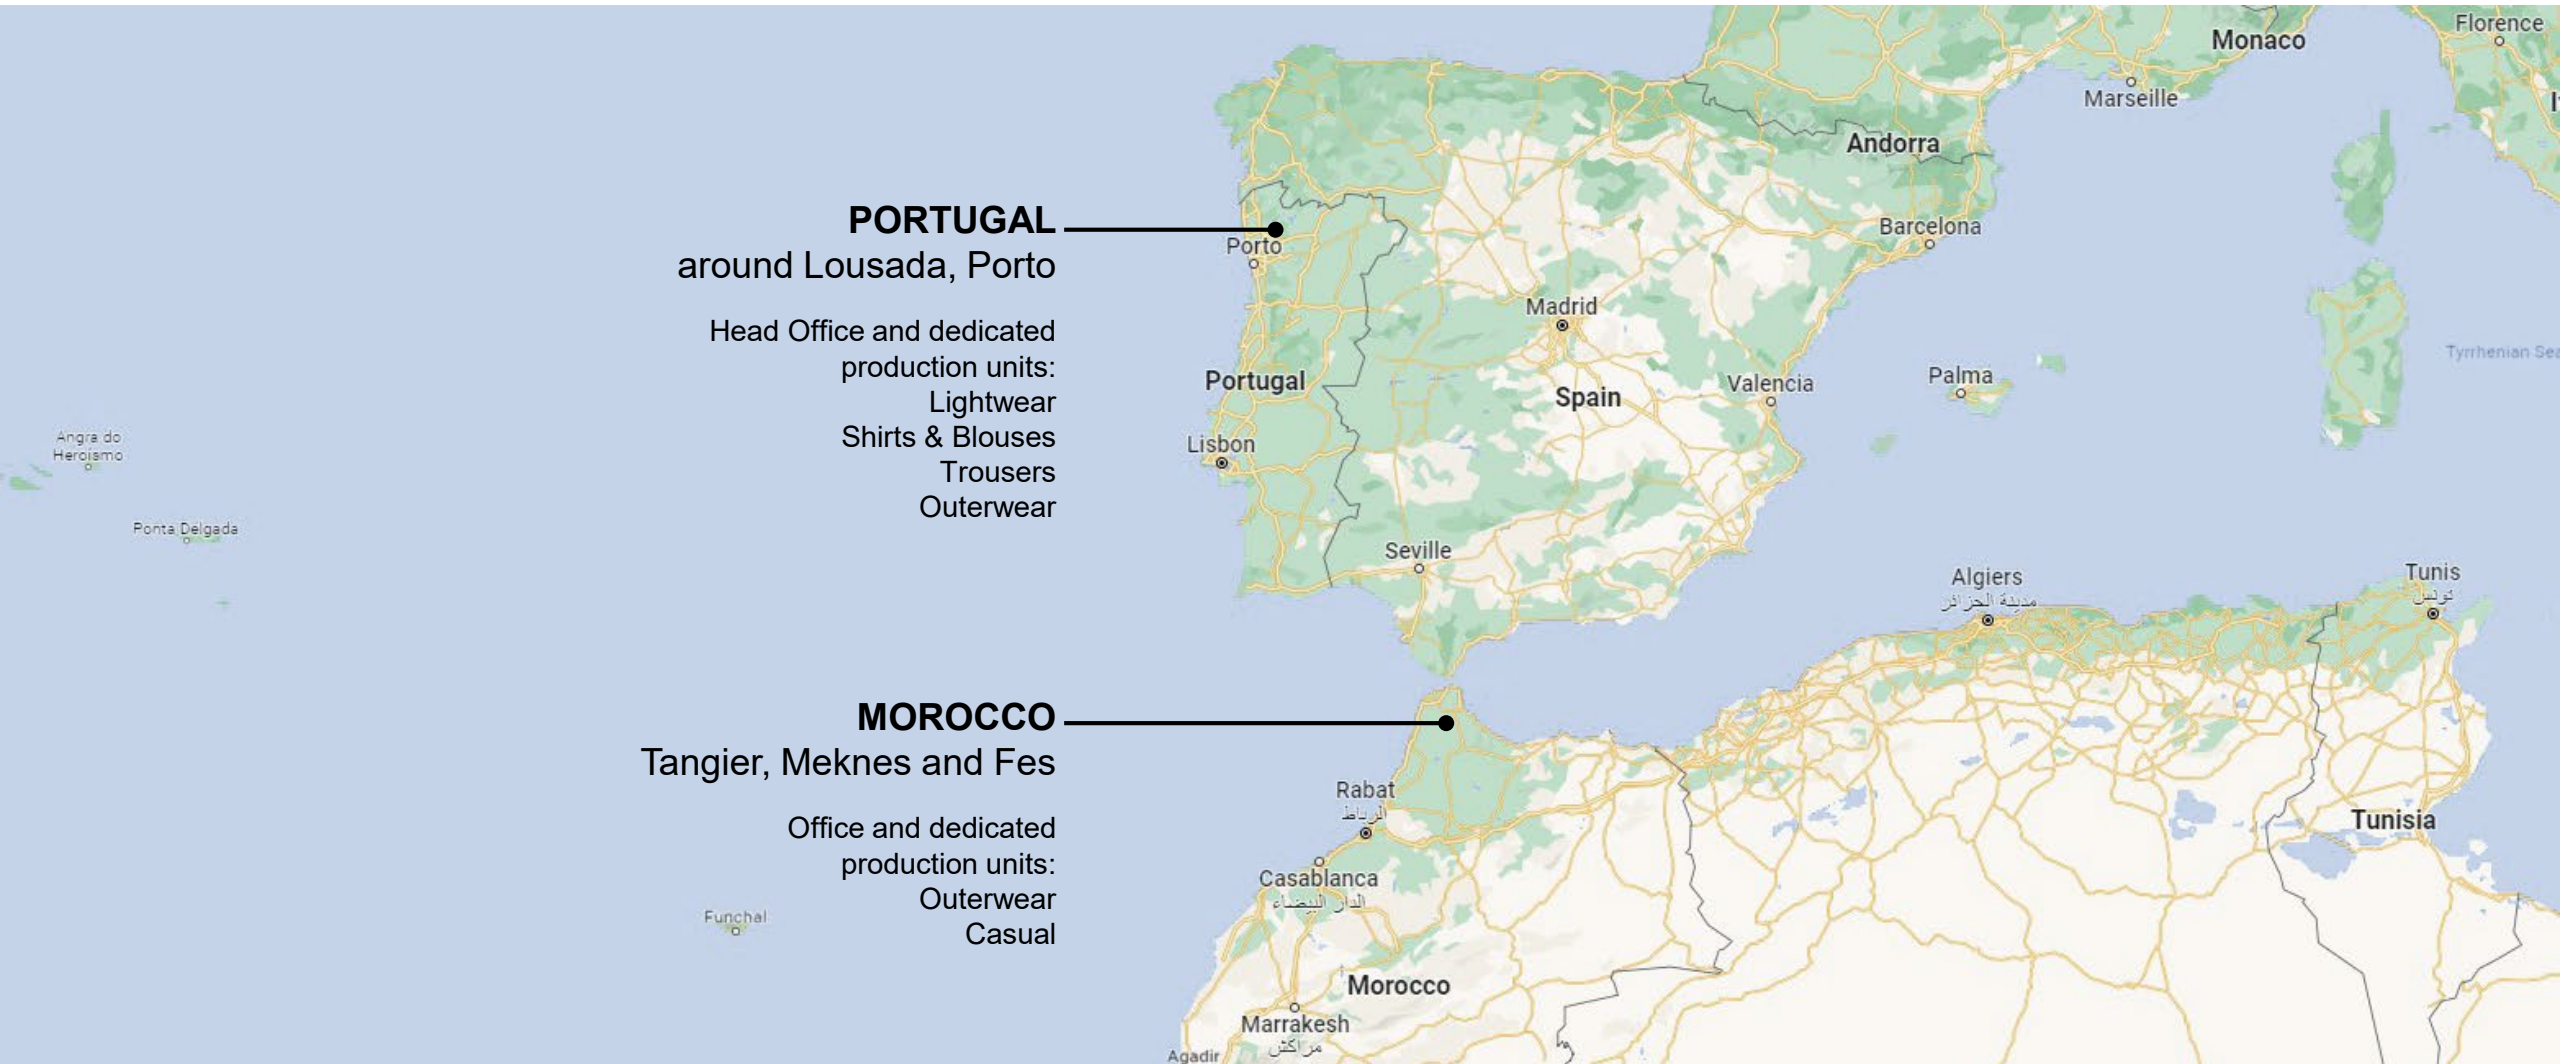

The small plant grew steadily over the past decades, being today a solid group in Portugal and Morocco.

Over the past decades FSM increased its product range and its clients. Today we make all kind of products for men, women and children.

FSM Group covers all the ranges and all types of woven products.

We're proud to work with the most prestigious and demanding brands and establishing long-lasting relationships.

the premium brands

A combination of supreme quality in making and material. Detailed garments with first-class fabrics, attention to the details, high level of making and excellence in service with the customer.

the fast fashion brands

Focused on speed, quick reaction and great service. Possible by the production knowhow, experience, innovation and the constant investment in new machinery.

Our clients

Environmental and social responsibility

TRYING, EVERYDAY, TO BE BETTER

FSM better project aims to transform practices, at FSM, to reduce the environmental impact and improve lives.

A set of actions that can be performed in offices, procedures, production, buildings, or customer support.

Our certifications

FSM
Better project

Solar panel installation

A clean and green energy source with significant impact in costs.

Today, 30% of the energy of FSM comes from the solar panels.

Certified and more sustainable sourcing

FSM
Better project

Industrial waste separation and reduction

Fabric reuse

FSM
Better project

Investment on 3D fashion design.

Since about 3 years ago we have been using 3D fashion design software.

Reduces sample production, shipment and material waste by reducing unnecessary physical sampling.

Visualizing the fabric, pattern, fit and silhouette of customers designs.

Shortening time-to-market with virtual sampling and remote collaboration.

Adjusting customers ideas before they go into physical production.

FSM – Indústria de Confeções, S.A.
Rua do Comércio nº35
4620-583 Lousada, Portugal

A low-angle photograph looking up into the canopy of a tree. The sun is shining brightly through the leaves, creating a lens flare effect. The sky is a clear, pale blue with some light clouds visible at the bottom right. The leaves are a mix of green and yellowish-brown, suggesting autumn. The overall mood is bright and positive.

THANK YOU!
